“How we go” is often the result of “how we grow.” *Bear, Bray & Brumble* takes this philosophy to heart in a gentle, loving and compassionate way. These twenty six books educate and interact with pre-schoolers through a series of enchanting and entertaining stories.

Each book is infused with educational components, such as mathematics, science, music and art. Life messages, including the value of good nutrition, hygiene and adequate sleep are highlighted.

One book features the importance of never talking to strangers... another discusses families, and the many different components to a family when divorce occurs.

All *Bear, Bray & Brumble* books are multi-dimensional in that there is a theme brought about through good values and positive choices. The last book is entitled “The Greatest Gift”, which is set around a holiday gift giving theme. Its underlying message is that “the greatest gift of all is love- love of others, self love and self respect.”

*Bear, Bray & Brumble* is a series which can be enjoyed by adults as well as children. It is a heartwarming addition to any pre-school library. Designed in sequence, they are easily adaptable to film or television.

Accompanying this book is a full merchandising portfolio, which includes toys, a music CD, furniture, accessories, children’s sleepwear and outer wear. All *Bear, Bray & Brumble* merchandise is designed to enhance the financial success of the books, television or film.

The *Bear, Bray & Brumble* Merchandising Portfolio is available upon request.
